## AKC Tracking

Did you know that tracking was once a feature at our past SBCA National events? To date, 31 saints hold an AKC tracking title, with the last one earned over a decade ago in 2011. The Northern Colorado area has a very active tracking club that many of our members participate in if you are interested in venturing into this venue, please contact Doylene Roberts. Our March issue will have a Tracking Feature section, stay tuned!

## Rocky Mountain Diving Saints??? Yep, we have those here!

Our Rocky Mountain Region is home to one of only three total AKC Dock Diving titled saints! Our breed is incredibly versatile. CH Thunder Keg's Ablaze v Hudson TKN DN earned her DN (Dock Diving Novice) title at the Greeley shows in fall of 2021. "Alice" is owned and loved by Trish and Miguel Bernal of Colorado. K9cation located in Hudson, Co offers pool time and dock diving lessons in the warmer weather to all breeds and abilities. NADD holds Dock Diving Events at the majority of our fall shows in the region.
